### EXCLUSIVELY SERVING THE PHILANTHROPIC MARKET

MicroEdge corporate giving and engagement solutions help organizations implement their vision for a strategic, successful corporate giving and engagement program, inclusive of grantmaking, employee volunteering and employee giving. Our solutions empower corporate responsibility leaders to:

- Enhance employee engagement by increasing participation in their employee volunteering and giving programs through transformative experiences;
- Align their corporate values with their philanthropic missions; and
- Better articulate their impact story through outcomes measurement.

As the giving community continues to shift from traditional philanthropy to results-focused giving with measurable impact, we help corporations run strategic programs that inspire employees, increase employee satisfaction and retention, serve the communities in which they live and work, and help make the world a better place. We are the leading technology partner that connects, powers and accelerates corporations' abilities to achieve greater impact through their corporate giving and engagement programs by:

- **Connecting** engagement and action to impact and achievement
- Empowering **comprehensive insight** across corporate giving to track results and deliver on the ever-increasing expectations of transparency and accountability
- Helping organizations **tell their story** to demonstrate their impact
- **Improving collaboration** across the corporate sector to maximize philanthropic investments, tracking, reporting and benchmarking.
