

We continue to think about all of you during this time and we wish your teams, companies, and communities the needed access to resources and safety.

We recently shared with you that **Association of Corporate Citizenship Professionals (ACCP), Chief Executives for Corporate Purpose (CECP), Council on Foundations (COF), and Points of Light (POL) are joining forces to convene our members and advocate for the field during COVID-19 corporate response.**

Last week, we emailed the registration links for the first issue-based session on Food Access. We are pleased to share [registration links for the next three issues-based sessions](#) below. We are also [announcing a series of industry-focused sessions](#).

Issue-based sessions: Together, we are leading this [series of corporate discussions organized by COVID-19 response issues](#) hosted and facilitated by our collaborating organizations, and are open to members of ACCP, CECP, COF, and/or POL. [These issue-based sessions](#) will be [peer-to-peer conversations](#) in which small groups have open dialogue on their relevant and unique actions or solutions. As leaders of corporate responsibility, philanthropy, and purpose, please attend to share your companies' response to these heightened issues, and to gain and share perspectives.

Week 2, 3, and 4 registration links are now open below for the **issue-based Corporate Peer Discussions**.

Industry-based session: Your specific industry's demands, pressures, and role in society are developing emerging strategies for your company and your team's work. [We would like the most senior corporate responsibility/philanthropic leader to attend the call](#) (1 attendee per company) since this individual will have the most strategic view across all programs and into the C-Suite. Please self-select your company's industry or industries depending on your products/services, supply chain alignment, and adaptations to new market realities. Please know that these peer-to-peer conversations are similar in creating the space for you to have honest dialogue and will be facilitated. [We are starting with the healthcare and consumer staples industries](#); more industries' sessions will be emailed at end of this week.

Industry-based Corporate Peer Discussions registration links now open below for **healthcare and consumer staples industries**.

Please join us for [one issue session per week and for your industry's session using the Links below](#).

Links for Registration:

- [Wednesday, 4/8](#), 3-4:30 p.m., Consumer Staples: Non-Food/Beverage

Note: More industry sessions will be announced this week

Details to note:

- **“Closed-door” discussions will be confidential.** Using Chatham House Rule, we will consolidate information from these sessions in notes that will be shared with companies/the field within a week. Specific company details will be withheld unless expressly requested to be shared.
- **Each company will share (3 minutes per company)** its COVID-19 community response, stakeholder insights, Q&A; chat questions will also be collected for response.
- We ask that there is **one representative for your company per type of issue call** to join the video and speak on behalf of your company; please only sign up for one session of each type of

issue per week so more companies can join. Please also join applicable industry calls.

- Based on attendees registered, we will allocate a specific amount of time for each company to share. We want these calls to be **30 companies or less per call** so we are allocating 90 minutes per call.

Times of crisis demand that we are partners with you and with each other; our crisis response is demonstrating that we are working together to support the sector so you can support each other. When one company does well in responding to a crisis, so does the entire sector. We look forward to your engagement and partnership in the weeks ahead.

Sincerely,

Association of Corporate Citizenship Professionals (ACCP)

Chief Executives for Corporate Purpose (CECP)

Council on Foundations (COF)

Points of Light (POL)
