

We value your engagement with our organizations during this time. Your teams, families, and communities have been stretched, and the world has looked to companies to step up. Thank you for your leadership.

We have had tremendous company engagement in the COVID-19 corporate response sessions, organized by issue and industry, and hosted jointly by **Association of Corporate Citizenship Professionals (ACCP), Chief Executives for Corporate Purpose (CECP), Council on Foundations (COF), and Points of Light (POL), which are joining forces to convene our members and advocate for the field.** As leaders of corporate responsibility, philanthropy, and purpose, you are guiding your company's support for those most vulnerable in your communities and your company's unique impacts during this pandemic.

Last week, we emailed the registration links for the issue-based and industry-based sessions. We are pleased to share [registration links for the next issues-based sessions](#) for **corporate responsibility and philanthropic peers to connect to each other**. We are also [announcing the next industry-focused sessions](#). We are committed to helping our shared community of purpose-driven companies navigate the current health and economic crisis.

Issue-based sessions: Together, we are leading this [series of corporate discussions organized by COVID-19 response issues](#) hosted and facilitated by our collaborating organizations, and are open to members of ACCP, CECP, COF, and/or POL. [These issue-based sessions](#) are [peer-to-peer conversations](#) in which small groups have open dialogue on their relevant and unique actions or solutions, gaining and sharing perspectives.

Week 4 registration links are now open below for the [issue-based Corporate Peer Discussions](#).

Industry-based sessions: Your specific industry's demands, pressures, and role in society are developing emerging strategies for your company and your team's work. [We would ideally like one of the most senior corporate responsibility/philanthropic leaders to attend the call](#) (1 attendee per company) since this individual has the most strategic view across all programs and into the C-Suite. Please self-select your company's industry or industries depending on your products/services, supply chain alignment, and adaptations to new market realities. Please know that these peer-to-peer conversations are similar in creating the space for you to have honest dialogue and will be facilitated.

Industry-based Corporate Peer Discussions registration links now open below.

Please join us for [one issue session per week](#) and for [your industry's session](#) using the links below.

Links for Registration:

- [Friday, 4/24](#), 3-4:30 p.m., Communications

Details to note:

- **“Closed-door” discussions will be confidential.** Using Chatham House Rule, we will consolidate information from these sessions in notes that will be shared with companies/the field within a week. Specific company details will be withheld unless expressly requested to be shared.
- **Each company will share (3 minutes per company)** its COVID-19 community response, stakeholder insights, Q&A; chat questions will also be collected for response
- We ask that there is **one representative for your company per type of issue call** to join the video and speak on behalf of your company; please only sign up for one session of each type of issue per week so more companies can join. Please also join applicable industry calls.
- Based on attendees registered, we will allocate a specific amount of time for each company to share. We want these calls to be **30 companies or less per call** so we are allocating 90 minutes per call.

Times of crisis demand that we are partners with you and with each other; our crisis response is demonstrating that we are working together to support the sector so you can support each other. When one company does well in responding to a crisis, so does the entire sector. We look forward to your engagement and partnership in the weeks ahead.

Sincerely,

Association of Corporate Citizenship Professionals (ACCP)

Chief Executives for Corporate Purpose (CECP)

Council on Foundations (COF)

Points of Light (POL)
